From The Office

It is hard to believe that it is now 2011! Seems that we just got used to signing 2010! Well as grandma used to say, "Life is like a roll of toilet paper – the closer you get to the end the faster it goes!"

It has come to the attention of the office that some who are doing remodeling are putting the materials taken out of their Park Model in the dumpsters. The dumpsters are marked for garbage only, and the recycle may not contain garbage. It has also been reported that there has been some dumping of green cuttings over the fence. This is a NO-NO!! Green cuttings can go in the garbage dumpster. We now have three garbage dumpsters located in the storage area.

The office is now open on Saturday's from 9:00-1:00 and will be open January 1 from 10:00 am to 3:00 pm for your convenience.

Due to the high volume of traffic at this time of year, individuals parking on empty lots will be ticketed and charged \$5 a day while on that lot. Imagine yourself coming back to your park model and finding a car parked in your carport – and you can't unload. OR, imagine you have driven all day, check in, go to your lot and find a car there – with no owner around. Very frustrating. So we will be getting out those red tickets and visiting you if you are parked where you should not be parked! Please come to the office for a permit to park on the wash if you need extra parking.

For Sale signs are being posted in the laundry room without first being initialed in the office. These cards will be removed. The office signs them and this is good for one month only. You may bring it back into the office and we will extend it for another month if you wish. If it is not brought in, it will be removed. When your item, or unit, or RV sells, please remove your card.

Complaints are still coming into the office regarding residents and guests speeding through the park and not stopping at the stop signs. Please for your safety and the safety of all, please slow

down and observe the stop signs, (not just observe, as in LOOK, but as in STOP).

Thanks to all who have helped us in the office – we appreciate you all! May 2011 be your best yet!

Joan, Mary, Joy and Debbie

A Ladies Salad Luncheon

We will be having a Salad Luncheon featuring Lady Joan's Traveling Boutique sponsored by our Red Hat ladies, the Scarlet O'Hatters. This is open to all ladies in the Park (not just red hats). Lady Joan has a fine array of all kinds of clothes which will be modeled and for sale. These are not red-hat clothes. She will also display her expertise in scarf tying and accessorizing.

Tickets are \$3.50 and can be purchased from Jean Braun or Wava Donkers. They will also be sold at each coffee and must be purchased by January 14 in order to have a count for the necessary food. Please note: You will need to bring your own fork as there are none in the kitchen.

Don't forget, Thursday, January 20th at 12:00 noon in the Auditorium. Can't wait to see you there.

Pancake Breakfast by Bocce

Start your day off right by joining us for our Pancake Breakfast, Friday, January 14th, from 8:00-9:00 a.m.

Tickets are \$3.50 per person and can be purchased at both the Wednesday or Saturday coffee or from the Bocce coordinators.

Medical News You Can Use

BLOOD THINNER PRECAUTIONS

(From Johns Hopkins)

Millions of older adults rely on blood thinners such as warfarin (Coumadin) to prevent blood clots that could lead to a heart attack or stroke. But finding the right dose for each patient requires a delicate balancing act. Too much anticoagulation increases the risk of internal bleeding, which can be fatal. Too little and you run the risk of blood clots forming. Here are some basic safety tips:

Get monitored: Frequent blood tests to measure your International Normalized Ratio – an indication of how fast your blood clots – lets your doctor know if he or she needs to adjust your dose.

Watch what you eat: Foods rich in potassium, including asparagus, broccoli, Brussels sprouts, lettuce, and bananas, can blunt the effects of many blood thinners, including warfarin. Many people can continue eating these foods, but consistency is important, since your doctor needs to adjust your medication dose to accommodate your potassium consumption. Additional foods high in potassium can easily be found on line.

Avoid certain drugs: Blood thinners interact with countless prescription and over-the-counter drugs. Always talk to your doctor before taking aspirin or ibuprofen (Advil), both of which increase the risk of internal bleeding. Acetaminophen (Tylenol) is safe. Avoid alcohol, which thins the blood.

Prevent bleeding: Shave with an electric razor; use a soft toothbrush and waxed dental floss. Wear gloves when working with sharp tools, gardening, and doing yard work, and always wear shoes when you are outdoors.

Know the warning signs: Call your doctor immediately if you have an unusual bruise, have red or brown urine, red or tar-colored bowel

movements, bleeding from the gums, nose, or elsewhere that won't stop, severe pain such as a headache or stomachache, or red or brown vomit or sputum. These are signs of internal bleeding that should be treated as an emergency.

Free Movie: The Sorcerer's Apprentice

Walt Disney Studios, producer Jerry Bruckheimer and director Jon Turteltaub, the creators of the 'National Treasure' franchise, present 'The Sorcerer's Apprentice' — an innovative and epic comedy adventure about a sorcerer and his hapless apprentice who are swept into the center of an ancient conflict between good and evil.

Balthazar Blake (Nicolas Cage) is a master sorcerer in modern-day Manhattan trying to defend the city from his arch-nemesis, Maxim Horvath (Alfred Molina). Balthazar can't do it alone, so he recruits Dave Stutler (Jay Baruchel), a seemingly average guy who demonstrates hidden potential, as his reluctant protege. The sorcerer gives his unwilling accomplice a crash course in the art and science of magic, and together, these unlikely partners work to stop the forces of darkness. It'll take all the courage Dave can muster to survive his training, save the city and get the girl as he becomes 'The Sorcerer's Apprentice'.

This movie is rated PG (for fantasy action violence, some mild rude humor and brief language.)

Join us on Monday, January 3rd, 2011 in the Auditorium. Bring your own beverages and snacks.

Line Dance Lessons

Starting on Monday January 3, 2011 we will begin a new format. The new format will have new time frames.

The first one hour class will be from 9:30 till 10:30 and will be designed for the non experienced dancer or those of you who would like to warm up for the next class. I would encourage trying one hour of dance for new beginners.

The Second one hour class is 10:30-11:30am This is designed for the dancer that has attended at least one season of line dance. At the beginning of class the easy steps / dances will be followed by more advanced dances. At the end of the hour I will include stretching.

With this new format, I believe all the dancers will find a balance between learning and a challenge to be fun. I look forward to dancing with all of you in 2011. Happy New Year and thank you for your support.
