The "Hollywood Comes to RCW" Parade is scheduled for Monday, February 17, at 11:00 a.m. Now is the time for your club to create a float or plan how to dress up to showcase your club at this fun event. The "Hollywood" theme provides many great ideas for costumes and floats. We also encourage individual participation. We will gather at the corner of A & P at 10:30 a.m. to stage for the parade. We are excited that a fire truck, and representatives from the Tucson Police Department, Border Patrol, Pima County Sheriff, Salvation Army, hopefully a pep band, and other surprises will be part of RCW's parade. The highlight will be the Clowns and Blue Angels from The Sabbar Shrine Center. The Parade Committee is doing its best to make this parade a little better than last year, and it takes people like you to make this season's the best ever.

The best part of a parade is the audience, so bring your lawn chair, line up on the Boulevard, and enjoy. Of course, there will be candy. The review station will be in the parking lot where information about each entry will be announced. Come and see who will be honored as Grand Marshal, Dignitary, and Queen.

There will be more fun after the parade. Carnival games such as spin the wheel, car racing, bean bag toss, and guessing the beans in a bottle will be in the parking lot from noon to 2 p.m. Tickets are \$1.00 each. You might win one of the numerous, outstanding prizes. The correct answer on the bean count wins a \$25 Texas Roadhouse gift certificate. Come one come all! It will be a day of fun and laughter. For more information, contact Barb or Clubby at lot B34 or phone 605-440-1585.

# A Word from George

## Revitalizing Your Park Models

Rincon Country West is now 35 years old. Like many of us we need a little uplift as we approach midlife. For the past 3 to 5 years I have made many improvements and upgrades to our Park and our facilities.

Some of the park model units in RCW are in urgent need of a facelift. I put a notice in A Word from George one year ago but many of you paid little heed to my request. Some of you on the other hand complied by doing some great upgrades. Thank you so very much.

By the time you read this we will have done a Park wide inspection of park models informing you of what you need to do to upgrade the outside appearance of your park model. In the interests of all those that spend big bucks for new park models or expensive motorhomes and fifth wheel units it is only fair to these renters that they are indeed spending the winter in a 10/10/10 rated National Park of the Year in which we are were awarded just 14 months ago.

## Park Models for Sale

I want to say a few words about our park model rental program. Currently, at RCW we have 50 rental units. Annette tells me we could rent 10 more for the winter if we had them. We need to sell some of the remodeled units that look like new inside and outside with the complete renovation on the interior and exterior. Some have a new Arizona room added and some just have a deck added. My hope is to have all rental units no more than five years old in the near future. Here's your opportunity to get into an almost new park model unit at a very fair price. Just make us an offer. You can find a list of rental units for sale in the office or online.

Just inside the Back-Office door to your left from the parking lot side of the building the sales office will be open for your information after coffee on Friday and Saturday mornings from 9:00 AM until 3:00 PM. If you live in one of our rental units, presently, you have first rights as a buyer. Just come in and make us an offer, you might be surprised.

## Park Improvements

RCW and RCE are family owned RV Resorts. This is much better for your pocketbook when it comes to our rental rate for comparable resorts. The many costly improvements we made during the last three years or so are listed below just in case you forgot.

1. This past summer, we added two new classrooms totaling 1750 sq. ft to accommodate the needs of our growing population. The rooms are being used for our quilters and other functions. I have been inundated with "Thank you's" for the new building.

2. Two years ago, we added a new exercise facility with up to date equipment as well as an exercise studio.
3. We doubled the size of the woodshop plus we installed a state-of-the-art dust collection system as well as providing 200-amp electrical service directly from Transformer K and 240-volt system to the facility as needed.
4. K Street, by the post office, received a new gutter and new street as did B Street from the Boulevard to the entrance to the new storage yard.
5. The new 60 space, numbered, personal car parking lot provided for you on B Street is a new addition to RCW.
6. The new 105 space RV Storage Parking area provided for you to park your motorhomes, fifth wheels and trailers as many of you park model owners do. Also, those of you that like to come down to Tucson each winter find it reasonable to leave your rig here for the summer compared to driving 2000 miles to get here and another 2000 miles to drive back home. It's cheaper to leave it here in our parking area secured by an 8-foot wrought iron fence around the perimeter.
7. This time last year the primary power line from the distribution cabinet by the post office to Transformer W on Lot #880 went kaput. We quickly found the break and got you back in service in fast time. Initially, when the park was built all of our transformers were served by direct burial primary cable. During the last 10 years, every time we resurface the street or installed a gutter in the center of the street, I installed conduit to carry future primary electric cable. Last summer, with the help of Sturgeon Electric we installed primary cable to every transformer in the RV section, except one to be done soon after you leave us this spring.
8. Late last season, I was advised by our primary electric contractor, Sturgeon Electric that our switchgear unit could quit at any moment without notice. The switchgear is where Tucson Electric Power Company connects their service to the park down by the tennis court. If the switchgear had quit it would leave every unit and every building without power. I ordered a new unit while you were still here last spring. Getting a new unit involved the manufacturer, the wholesale distributor, my RCW electrical engineer, Sturgeon Electric Company, Tucson Electric Power and yours truly to organize and okay everything.

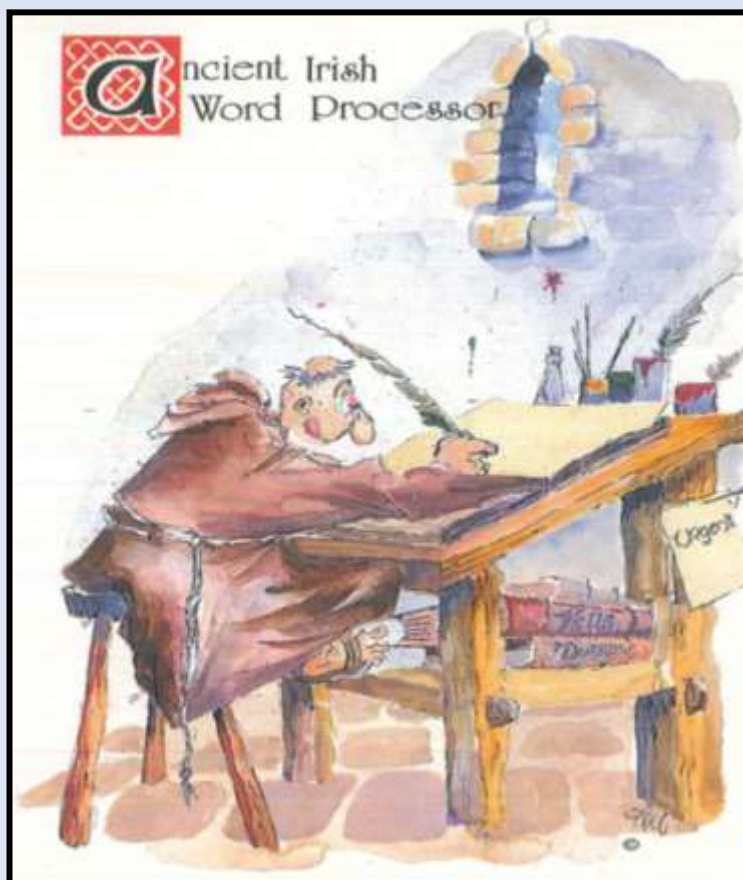

It took 174 days from the first discussion with the electric contractor, the manufacturer and yours truly to installation on October 24 last. You might ask yourself "why do I need to know this information". Now you know things just don't happen, we prepare whenever we can to prevent outages. Another two generations of RVers will be enjoying a 10/10/10 National Park of the Year. Hopefully, under the guidance of the next generation of O'Leary's. My son, Danny O'Leary currently manages Rincon Country East.

Thank you for listening to my explanation of how things are kept in tip top shape for your pleasure and enjoyment. I have devoted 50 years of my life to two generations of RVers starting with overflow from my friends at Far Horizons in 1972. I had 120 RV lots of my own in 1976 in my 500 space Rincon Country Mobile Home Park on Tucson's Eastside next to Rincon Country East.

I enjoy working, running my backhoe and creating a new and better community for our residents. All with the help of my maintenance manager, Nate and my outdoor crew. I was very lucky to have Nate join us a year ago. By the time you read this Word from George I will be less than a month away from my 89<sup>th</sup> birthday. I thank the good Lord for the fact that I have little or no pain. Thankfully the head is still okay and will be for a while longer.

## Plans for 2020

- Next summer we have plans to seal coat all the streets in the RV section.
- "A" Street will have a new gutter and all new blacktop from the Boulevard to at least "G" Street.
- We are working with CenturyLink to bring in a fiber internet line over the summer to increase the capacity for connections and to upgrade the DSL internet speeds for residents. This will help alleviate the maxed capacity presently being experienced.
- The pickleball courts with the blacktop surface will be completely renovated and replaced with concrete. Due to the tight surroundings there is no room for expansion.

## Long Term Employees

We feel very blessed to have succeeded in our efforts of the last 50 years. Listed below are employees and the service to Rincon Country Mobile Home Park, RCE and RCW. I'm proud to have known and worked with each and every one of them. When it's time to share all of us step up to the plate. We take good care of all of our employees. Each full-time employee has a 401k with a generous match and is covered with a good health care program.

## Words from Janet

The Activity Staff is riding the wave of enthusiastic energy that RCW residents generate around the many events that are planned for February. The clubs are crafting, exercising, pot lucking, playing games, creating, performing and much more. There is a new and exciting group to join even if you have lived here for 30 years, and thought you had done it all.

Please support our upcoming resident driven events. The Parade Committee has planned three entertaining events that you are sure to enjoy. First on February 1, is the Luncheon and Hollywood Style Show. Come one, come all to the most fun style show ever. You will be served a Comfort Food Lunch of Grilled Cheese Sandwich, and Tomato Soup and be entertained by the goofiest models you have ever encountered. February 17, please plan on participating or being a spectator at the best RCW Parade in the eight years I have been here. The last event is a good old fashioned Comedy and Variety Show on March 21. It is not to be missed.

The Activity Office events include a little bit of Soul, Pop, Rock, Broadway, Doowop, Classical and more! There is something for every musical taste. Come and enjoy!

Come and ride this wave of fun and excitement with us, and make sure you thank the volunteers that make it all happen.

A request from the Activity Office.

Our job is to be in charge of all the fun, all the time. However, occasionally we are asked to address serious stuff, like rule infractions and safety issues – bummer. Below is a list of most commonly noted concerns.

Being in the dark – Please carry a flashlight when walking after dark. (Cell phone flashlights work great.) We value longevity at RCW.

Going the wrong way – Please face traffic when walking. Again, the longevity thing.

Taking shortcuts – Do not cut across others' spaces. A few extra steps will make your Fitbit and you neighbor happy.

Wandering humans with pets attached – All pets must be in the pet section, unless pet is a service animal. Humans please assume that a pet outside of the pet section is a service animal. If there is concern, please see humans in Main Office. Humans, please remember pets must clean up after themselves. Of course, with your help.

Your mother does not live here (well, in most cases) – Please leave rooms and facilities cleaner than you found them, and put chairs and tables back in the original configuration. We **will** call your mother, even if she does not live here. A medium is on retainer.

Get Ready! DANCING WITH THE RCW STARS, is coming to our community. The Utah Ballroom Dance Company will be here to dance with our RCW celebrities. We will be entertained by professional dancers dancing with our own RCW Stars: Rod Derby, Pat Tinkess, Robert Knight, Ingrid Smith, Miles Patten, Janice Alsum. Over the course of the week, each of our stars will learn a ballroom dance routine with their professional partner. They will perform dances such as the rhythmic Cha Cha, the elegant Fox-trot, the timeless Waltz, the scintillation Salsa, and more, live onstage in our Auditorium. Add costumes, video highlights, and an RCW celebrity judging panel (worth the price of admission all by themselves) and you have a show you have to see to believe. The best part is YOU, the audience get to vote for who wins the mirror ball trophy.

In addition to seeing your RCW Stars dance with the professional dancers, The Utah Ballroom Dance Company will perform a ballroom dance exhibition you won't want to miss. The audience will be treated to breathtaking lifts, hundreds of beautiful costumes, enchanting theatrical storylines and a variety of ballroom dances that will captivate your heart.

## 50th Wedding Anniversary Celebration

RCW would like to recognize those who are celebrating their 50th wedding anniversary.

On **Sunday, Mar. 8 at 1:00 pm**, we will be honoring couples whose 50th wedding anniversary is sometime in 2020. If you have been married for more than 50 years, but have not had the opportunity to celebrate with RCW, please join us.

Please sign up in the Activity Office by Friday, February 28. We will share your wedding picture or another memorable picture of you as a couple at the event. Please bring in a photo to the Activity Office for us to scan or send a digital copy to: [janet@rinconcountry.com](mailto:janet@rinconcountry.com)

We will ask that honorees come to the Auditorium at an appointed time for a pre-event photo. Honorees will need to return to the Rec. Hall at 12:40 p.m. for event instructions.

Family and friends are welcome to join in the celebration. We will serve cake, punch, and snacks. Tickets will be available for \$6 beginning in mid-February. Admission is free for our honorees.

Would you like to volunteer to help with this event? If so, please sign up in the Activity Office. If you have any questions, call 520-889-6900. Thanks, Janet and Mary

Please observe the 10-mph speed limit inside the park.

## AED Devices & 911 Phones

We have four Automated External Defibrillator (AED) devices. Make it a point to learn their locations. There is one in the Breezeway across from the Office and by each Laundry Room, and one between the Pickle Ball and Tennis Courts. Stay tuned to "The Villager" for upcoming CPR and AED classes. You could save a life!

## Safety from Wildlife

The weather is cooling and this is a time when rattlesnakes might seek the warmth of a cozy asphalt street after sundown. For maximum safety, carry a flashlight when you are walking at night, keep pets on a leash, and remain alert to an unlikely, but possible encounter.

## Notary for RCW Residents!

Gene Kuharski is offering to notarize documents for RCW residents. Please phone (801) 703-0413 to make an appointment with Gene if you are needing a document notarized.

### RINCON COUNTRY RV RESORT PET POLICY

Rincon Country RV Resort's pet policy states that all pets must be kept under control at all times and on a leash. A 6-foot leash is recommended for the following reasons:

1. Your dog could run in front of a car or bicycle on our busy roads with blind corners.
2. Your dog could tangle with a not so friendly neighbor dog.
3. Your dog is more likely to be injured by bolting and hurting its neck or by getting tangled in the leash.
4. Owners are at risk of being injured by rope burn or falls.
5. Retractable leashes are especially dangerous for both dog and owner.

### New to Tucson or Rincon Country West?

The RCW Ambassadors are a group of volunteers who would like to help you learn more about our great community. The Ambassadors welcome newcomers to RCW every Tuesday at 9:00 am in Classroom 1.

We'll help you get acquainted with RCW's facilities and activities. We can tell you where you can find grocery stores, shopping malls, restaurants, a hospital or urgent care clinic, and sightseeing.

We will try to answer any questions you may have. We look forward to seeing you!

In November 1974, Gary Tenen and Randy Tufts were exploring the limestone hills at the eastern base of the Whetstone Mountains. They were looking "for a cave no one had ever found" and found it. The two kept the cave a secret until February 1978 when they told the property owners, James and Lois Kartchner, about their awesome discovery. Since unprotected caves can be seriously damaged by unregulated use, they knew the cave had to be protected. Tenen and Tufts spent several years looking into the possibility of developing the cave themselves. Some members of the Kartchner family lived in Tucson and were very impressed with the development and operation of Catalina State Park by Arizona State Parks. They decided to approach State Parks to see if the agency was interested in acquiring this outstanding resource.

## Comedy and Variety Show

Saturday, March 21  
7:00 pm in the Auditorium

This event is planned for Saturday, March 21 in the Auditorium. If you would like to be a part of this show, please let Barb or Clubby know at 605-440-1588 so we can schedule you as one of the characters for the show. It is not too early to consider playing a role as a comedian or just being a character. Last year they had a talent show and this year a comedy show and we hope to alternate shows each year. Plan to attend to this fun event and this supports the Parade Committee.

## Villageaires

Step in RCW Recreation Hall as the Villageaires vocalists rehearse for the spring concert on March 13 and 14. New members may join through the first Tuesday of February, to allow for sufficient practices to learn the challenging arrangements.

Rehearsals are held every Tuesday from 9:00 to 11:30 am with optional practices on Fridays at 3:00 pm. Director Don Austin has assembled a varied program of *Just Good Music From Hollywood and Beyond* for the performing pleasure of the musicians and the listening enjoyment of the audience. Selections include *Remember Me* from *Coco* and a medley of tunes from *The Best of the Beach Boys*.

Guest performances by the Desert Tones and "Chime In" musical ensembles plus instrumentalists and soloists complement the spring program.
