FRIDAY 31 OCTOBER

A Word from Wendy

Welcome Back!

We hope you had a wonderful summer! While you were away, we stayed busy making much needed improvements and preparing for an exciting season ahead. Here's a look at what we've been up to:

Community Upgrades

Recreation Hall Renovation – The Rec Hall has received a much-needed overhaul. We have replaced the old, outdated floors with new and modern commercial vinyl plank flooring. New storage closets have been added along with a fresh coat of paint. To top it off, the walls have been enhanced with soundboards that not only reduce noise but add a decorative flair to the room. We topped it off with all new light fixtures. Come check it out, we think you'll love the new vibe!

Rally Room Renovation – The Rally Room has also made a fresh step forward with modern commercial vinyl plank flooring along with a crisp new paint job and stylish new modern shades.

Jewelry Arts Renovation –

The Jewelry Arts room is now sporting all new cabinetry and countertops along with a fresh coat of paint. During the renovations, we were also able to add more storage for members to store their supplies and to keep the entire space looking tidy.

Bocce Ball Court Addition – Bocce is booming! With more players than ever, we've expanded the fun by building a third court and adding extra seating, so everyone has room to play and cheer.

Pickleball Court Resurfacing – We've given the north pickleball courts a fresh new surface, making them safer, smoother, and ready for endless rallies. Grab your paddle

and come check them out!

Shuttle has a New Skin – Check out the total makeover for the RCW Shuttle! We gave the shuttle a brand-new outfit—stylish, fun, and impossible to miss. A “new skin” means it's wrapped in fresh, colorful graphics reflecting our communities that instantly catch the eye. It is bright, bold, and polished. Ready for you to enjoy on your next Shuttle Adventure.

This is just a sample of the improvements made while you were away. Take a look around and see what's new!

We can't wait to see familiar faces back in the community and to welcome new friends joining us this year. It's going to be another season filled with sunshine, fun, and memories.

Welcome home—let's make it our best season yet!

Sincerely,

Wendy Bykofsky

Here at Rincon Country West, we want to make sure you are always A-OK! The “I’m Okay Club” is a program for guests and residents living alone.

How it works:

Sign up at the Activity Office (or Main Office during the summer)

Call in daily before 10:00 AM to check in.

If you don’t call, we will try to reach you. If unsuccessful, a team member will visit to ensure you’re safe.

Concerned about a neighbor? Call the Main office or the Activity Office, and we’ll check in on them for you.

Stay connected, safe, and worry-free — we look forward to hearing from you!

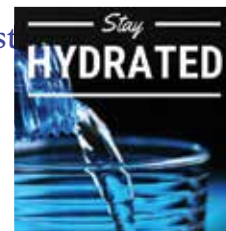

Wildlife

For maximum safety, carry a flashlight and turn it on when you are walking at night, keep pets on a leash, and remain alert to an unlikely, but possible encounter.

Stay Safe in the Heat!

- > Drink Water: Aim for at least 2 liters (8 cups) per day.
- > Dress Appropriately: Wear lightweight, light-colored clothing, a hat, or carry an umbrella. Don’t forget sunscreen on exposed skin.
- > Take It Easy: Avoid strenuous activity. If necessary, do it in the early morning (4:00–7:00 AM during summer).
- > Take Breaks: Rest in a cool place whenever possible.

Stay hydrated, stay cool,
and enjoy the sunshine safely!

How does the Propane Tank Exchange Program work?

When you join the program, you will be provided with a tank or tanks based on your needs. The only cost of the program, other than propane costs, is a one-time membership fee, for an Introductory Price of \$60 for a 60lb tank or \$100 for each 100lb tank. That's it! No lease, and no other fees. We will deliver and hook up a full tank(s) to your home. Then, whenever you are low on propane, just call the office and we will deliver and hook up another full tank to your home on our next scheduled delivery day. We will then take the tank that you depleted, fill it up and bill you for the amount you used. It's that simple!

(This Introductory Price will expire December 31, 2025).

Questions and Answers

Question: How long am I committed to the Program for?

Answer: You can cancel the program anytime you choose.

Question: What if I sell my park model? Is my membership transferable?

Answer: The membership in the Propane Tank Exchange Program is not transferrable. The new owner will have to enroll in the Program if they wish to participate.

Question: What are the delivery days and operational hours for tank exchanges?

Answer: You will need to call by 4:00pm the day before you want delivery. Deliveries will be made Monday – Friday. If you need emergency delivery (after 4:00pm M-F or on the weekend) there will be a \$75.00 emergency charge to deliver.

Question: Will my propane cost fluctuate?

Answer: Like gasoline, the price of propane does fluctuate based on seasonality and availability. Our charges will be in direct correlation with these factors at the time we purchase the propane from our supplier.

Question: How many gallons of propane are in a 100lb tank and a 60lb tank?

Answer: There are 23.6 gallons in a 100lb tank and 14.2 gallons in a 60lb tank.

Question: Will there be a minimum amount of refill gallons required for propane exchange delivery?

Answer: The minimum refill gallons required for delivery will be one half of the tank capacity to be exchanged (i.e. 60lb is minimum 7 gallons and 100lb is minimum 12 gallons).

Question: Can my BBQ tank be part of the exchange program?

Answer: No, we only offer exchange on 60lb and 100lb tanks. You may bring your BBQ tank to the refill station on scheduled walk-up days.

Question: I own my own propane tank(s). What are my options?

Answer: You can still enroll in the Program. After the Park inspection deems your certified tank(s) suitable for the Program, the Park will take ownership of your tank(s) in lieu of the enrollment fee.

Question: What are my options if I currently rent a large 100-gallon tank?

Answer: You can contact your current propane company to remove their tank. We will assist in arranging for a pigtail and regulator that will need to be installed at an additional cost. We will then install a tank(s) suitable for your needs.

Call (520) 294-5608 or stop by the Front Office for more information!

Been Told There Is Nothing That Can Be Done for **Neuropathy?** Me Too!

Successfully Treating Neuropathy
Since 2008

Let me tell you my story: I suffered with neuropathy for over 8 years,
tried a lot of different things, been on different medications and it kept getting worse.

When we got down here from Michigan this past fall, my neighbor who has suffered with neuropathy for years walked across the street to welcome us back. **The amazing thing was, she walked over without her walker.** I asked her what she had done, and she walked back to her house and came back with a card for the doctor she had seen after we left last year. I gave his office a call to make an appointment, it was on a Thursday, his office was closed, but the doctor answered the phone. He explained he would like me to attend one of his free workshops before coming in, it would answer all questions and if I still wanted to come in, I could make an appointment then. His workshop was informative, he explained things unlike any doctor I had seen up to that time, how neuropathy started, what is done for most people, why he does what he does. I was mostly impressed that he was straight forward, told the pros and cons. I'll bet 85 to 90 percent of the other patients I talked to in his office were getting good results, like I did. My pain decreased by at least 50% in the first 3 weeks. I would highly recommend anyone with peripheral neuropathy, go to this workshop, I know you will be glad you did.
