### Activity/Fitness Levels for RCW Shuttle/Charter Trips

#### **L1 - Sightseer (Easy)**

Relax and enjoy the ride! Minimal walking, primarily on flat surfaces with possibly a few steps with handrails. With little to no standing, there is time to sit back, take in the sights, and snap some photos. Great for those who want comfort with a touch of adventure.

#### **L2 - Explorer (Moderate)**

A little more movement, a little more adventure! Expect walking 1-3 miles, stairs with or without handrails, or uneven ground, but with opportunity to rest. Perfect for folks ready to stretch their legs while still keeping things fun and doable.

#### **L3 - Adventurer (Hard)**

For the spirited traveler! Longer, 1-2 hours of walking with breaks, hills and inclines, uneven terrain, significant stair climbing with or without handrails and/or lots of standing time may be involved. Bring your sturdy shoes and energy, this one's for those who love to dive headfirst into the full experience.
