Safety First!

I'm OK – Stay Safe at RCW

Here at Rincon Country West we want to make sure you are always A-OK! The “I’m Okay Club” is a program for guests and residents living alone.

How it works:

Sign up at the Activity Office in season (or Main Office during the summer.)

Call in daily before 10:00 AM to check in.

If you don’t call we will try to reach you. If unsuccessful a team member will visit to ensure you’re safe.

Concerned about a neighbor? Call the Main office or the Activity Office, and we’ll check in on them for you.

*Stay connected, safe, and worry-free
We look forward to hearing from you!*

Wildlife

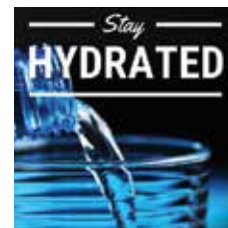

For maximum safety, carry a **flashlight** and turn it on when you are walking at night.

Keep pets on a leash.

Remain alert to an unlikely, but possible encounter.

Stay Safe in the Heat!

- > Drink Water: Aim for at least 2 liters (8 cups) per day.
- > Dress Appropriately: Wear lightweight, light-colored clothing, a hat, or carry an umbrella. Don’t forget sunscreen on exposed skin.
- > Take It Easy: Avoid strenuous activity. If necessary, do it in the early morning (4:00–7:00 AM during summer).
- > Take Breaks: Rest in a cool place whenever possible.

Stay hydrated, stay cool, and enjoy the sunshine safely!

AED Devices

We have four (4) Automated External Defibrillator (AED) devices. Make it a point to learn their locations. There is one in the Breezeway near the Auditorium, D street Laundry, Rally Room, and Pickleball/Tennis courts.

Speed Limit Reminder

Please observe the 10 MPH speed limit inside the park.

Only you can prevent speed bumps!

Get Text Alerts from Rincon Country!

Sign up to receive text alerts from the Rincon Country office. Text RCWalerts to 41372 to activate. This will be strictly **used for utility outages and emergencies** and you can opt out at any time.

The Patriotic Quilt Group creates beautiful quilts for residents of the Tucson Veterans' Home. The groups' goal is to make 30 quilts a season and personally deliver them to the residents of the Veterans' Home. The project is funded by donations. It's a wonderful place to gain knowledge, to piece, bind, sandwich, and quilt. Come join us to assemble the red, white and blue in honor of our dedicated Veterans.

SkyMed Lunch-N-Learn

Friday, February 27 • 11:00 AM • Rally Room

Be Prepared with a SkyMed Plan

During February's Heart Healthy Month, take advantage of a relaxed lunch and an informative, friendly talk about how to ease your stress during life's unexpected moments. SkyMed will be here to share how their emergency transportation services work, from getting you to the hospital you choose, to helping return your RV, car, pets, and more, if you need assistance while traveling or while at home.

This is a chance to learn, ask questions, and enjoy lunch with neighbors. No pressure, just good information and good company. For our meal count, please sign up in the Activity Office by February 25. We look forward to spending lunch with you!

Been Told Nothing Can Be Done for Neuropathy? Me Too! They Were Wrong!

Successfully Treating Neuropathy Since 2008

"Let me tell you my story: I suffered with neuropathy for over 8 years, tried a lot of different things, on different medications and it kept getting worse. When we got down here from Michigan this past fall, my neighbor, who has suffered with neuropathy for years walked across the street to welcome us back. The amazing thing was, she walked over without her walker. I had never seen her without her walker. I asked her what she had done, and she walked back to her house and came back with a card for the doctor she had seen after we left last year. I gave his office a call to make an appointment, it was on a Thursday, his office was closed, but the doctor answered the phone. He explained he would like me to attend one of his free workshops before coming in, it would answer all questions and if I still wanted to come in, I could make an appointment then. His workshop was informative, he explained things unlike any doctor I had seen up to that time, how neuropathy started, what is done for most people, why he does what he does. I was mostly impressed that he was straight forward, told the pros and cons. I'll bet 85 to 90 percent of the other patients I talked to in his office were getting good results, like I did. My pain decreased by at least 50% in the first 3 weeks. I would highly recommend anyone with peripheral neuropathy, go to this workshop, I know you will be glad you did."
