Pollinator Garden “Field of Dreams” Special Interest and Activities

What started as a simple idea—planting milkweed for Monarch butterflies grew into one of RCW's most peaceful hidden gems. Located across from the Quads, the Pollinator Garden was created through the time, generosity, and teamwork of RCW residents, along with support from George O'Leary for the space and utilities. Today, it's a place to slow down, recharge, and enjoy a little nature right inside the resort. Want to help out? Every spring, residents gather for a casual garden clean-up and refresh. Think of it as a little sunshine, fresh air, and “dirt therapy.”  FMI: Kathy Hutson, B44, 765-808-1693
